

Visit the following site to set your security questions

<https://password.bridgend.ac.uk/directoryupdate/>

Log in and from the Password management tab you can set your Security Questions

The screenshot shows the 'Password Self-Service' web application. At the top left is a logo with a colorful swirl. The main header is dark blue with 'Welcome' followed by a redacted name. On the right of the header are 'Help' and 'Log Off' links. Below the header is a navigation bar with 'User Information' and 'Password Management' tabs. The 'Password Management' tab is active. On the left side of the main content area, there are three menu items: 'Password Change', 'Security Questions', and 'Password Change' (repeated). The 'Security Questions' item is highlighted. The main content area displays 'Password policies:' followed by a bulleted list: 'Password must be at least 8 characters long.', 'Password must contain at least 1 lowercase characters.', 'Password must contain at least 1 uppercase characters.', 'Password must contain at least 1 numbers.', and 'Password must contain at least 1 special characters.'. Below this is a dotted line and the text 'New password must meet the password policies.'. There are three input fields labeled 'Current Password', 'New Password', and 'Confirm Password'. At the bottom of the form are 'Submit' and 'Cancel' buttons. The version number 'Version: 2.3' is visible in the bottom right corner.

Once set future password resets can be made by visiting
