A Note from your Curriculum Manager

Welcome to Bridgend College! Here at Bridgend we aim to deliver English in a relaxed and engaging way. We deliver English skills across a range of levels, each one supported by our excellent team, who are ready to support, stretch and challenge you to achieve all that you can be.

Our English Matters courses are designed for those who lack confidence in English and need a little extra support. Here we look to improve your basic understanding and support you to improve your all round English ability and motivation. Year on year, students complete this course and then go onto be successful at GCSE getting grades that they never thought were possible.

Our GCSE classes are designed to get you a C, minimum! Here at Bridgend we aim to stretch and challenge our learners to achieve outstanding results. Our GCSE results are some of the best in the sector and this is because we have an excellent, enthusiastic teaching and delivery team ready to support and guide you throughout the year.

Although you may have finished school, it's really important to keep your English skills ticking over. English is like learning an instrument, if you don't practise you'll forget all that you've learnt. This doesn't have to be writing essays!! We're currently living through some of the most unique times in history, you could write, read or even chat to people about your feelings around this. These are all good skills that you'll need for English next year.

Below you will find some excellent websites that will help you sustain your English skills and also give you a boost going into next year.

We look forward to seeing you soon!
